

STATE OF IOWA, CERTIFICATE OF NURSERY INSPECTION

Office of State Entomologist, Ames, Iowa.

This is to certify that in accordance with Chapter 53 of the Acts of the Twenty-seventh General Assembly, as amended by the Thirty-first General Assembly, the Nursery Stock for sale by **THE MOUNT ARBOR NURSERIES, E. S. Welch, Proprietor**, of Shenandoah, Iowa, has been inspected by a duly authorized inspector and has been found apparently free from dangerously injurious insects and plant diseases. This certificate is invalid after July 1, 1907.

Certificate No. 7.

H. H. SUMMERS, State Entomologist.

Dated, July 21, 1906.

FALL OF 1906

ESTABLISHED 1875

WHOLESALE TRADE LIST
OF THE
Mount Arbor Nurseries
SHENANDOAH, IOWA.

E. S. WELCH, PROPRIETOR.

**We offer one of the Largest and Most Complete Lines of General
Nursery Stock on the Market.**

REFERENCES:

Shenandoah National Bank. The Mercantile Agencies.

Use Nurseryman's Code in Telegraphing:

Long Distance Bell Telephone No. 77. Ind Mutual Telephone No. 385.

TO CUSTOMERS:

In presenting our Fall Trade List, I wish to thank our many patrons for the liberal patronage extended us in the past, and assure you all future orders entrusted to us will have the same careful attention as heretofore. With our large and improved packing houses, side track and other facilities, we are especially well prepared for handling our business with promptness and dispatch. We have the exposure of stock reduced to the minimum. After digging, all stock is immediately sent to our packing houses where it is graded, packed and handled under cover. Customers may rely upon receiving stock in prime condition.

Our stock came through the winter in excellent condition and the season has been very favorable for growth. It will certainly please.

To those not acquainted with our establishment, this is the thirty-first year of our nursery and the fifteenth year under the present management, during which time the business has more than trebled.

Everything offered is young, thrifty, well-grown stock and graded to the highest standard.

Write for Special Prices on Quantities of Stock that we have in large supply.

LOCATION AND SHIPPING FACILITIES

We are located in southwest Iowa, fifty miles from Omaha on well drained upland and have a fertile soil that cannot be surpassed in the United States. Three railroads (C. B. & Q., Wabash and K. & W.) afford competition in freight rates and a rapid and convenient shipping outlet in every direction. Two express companies (Adams and Pacific) also give excellent service.

TERMS AND CONDITIONS

Shipping—Please give shipping directions, whether by freight or express; also route. If no directions are given we will forward to the best of our judgment, without assuming responsibility, as all goods travel at purchaser's risk and expense. All freight shipments released to the value of \$5.00 per cwt., unless otherwise instructed. Our shipping season usually begins about Sept. 25th and continues throughout the winter.

Packing—Prices quoted are net, boxing and baling additional, for which we charge to cover cost. Particular care is taken to pack all stock in a thorough manner so that it will reach destination in prime condition.

Terms—Cash or satisfactory security, except we extend the usual terms of credit to known, responsible nurserymen. Orders to be sent C. O. D. should be accompanied by one-fourth cash to receive prompt attention.

Prices—The quotations in this list are for the wholesale trade only and limited to Fall of 1906. Should prices change, either higher or lower, during the season, the prices made at the time the order is accepted are expected to stand.

Rates—Fifty trees of not less than ten of a variety, will be furnished at hundred rates; three hundred trees of not less than ten of a variety at thousand rates. Long lists of varieties of a few trees of a kind subject to higher prices. All trees above the 3 to 4 foot grades are tied in bundles of ten in grading. Order tens and multiples of ten of a variety as far as possible.

Caution—We accept all orders on the condition that they shall be void should injury befall our stock from frost, hail, fire or other causes over which we have no control.

Grades—We grade carefully in some cases by caliper, in others by height. When graded by both caliper and height the caliper must govern.

Dealers wishing to pack on our grounds will find our facilities first-class and their orders will receive prompt attention.

Claims—All claims for errors and deductions must be made within ten days after receipt of goods.

Guarantee of Genuineness—While we exercise the utmost diligence and care to have our varieties true to name, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove otherwise, or refund the amount paid, it is mutually understood and agreed between the purchaser and ourselves that we shall in no case be liable for any sum greater than the amount originally received for said trees, etc., that prove untrue.

For convenience in telegraphing a code word is given for each grade. Correspondence and inspection invited.

SHENANDOAH, IOWA.

MOUNT ARBOR NURSERIES,

E. S. WELCH, Prop'r.

APPLES

..

Most of our apples are grown three years, cut back to the ground the first year, result from this method is a tree unsurpassed in quality, being heavily rooted, with a smooth body and good height. Code Per 100 Per 1000

" " " Wisconsin Weeping	1 50

ROOT GRAFTS

We make a specialty of this branch of the business during the winter season, and are well equipped for handling it.

Owing to the light crop of Apple Seedlings we will not be able to supply the usual quantity, and advise our customers to place their orders early.

While we do not publish prices in this list, we are prepared to quote by letter on application, both WHOLE and PIECE ROOT GRAFTS of APPLE, PEAR and PLUM. Can furnish a large list of varieties. Samples will be sent on application during the grafting season.

APPLE SEEDLINGS

The crop of Apple Seedlings is very light this year, due to the failure of most of the seed planted and unfavorable weather conditions. We are prepared to offer a limited quantity of American and French grown Seedlings and shall be pleased to quote prices on application.

FRUIT TREE STOCKS

We import our Myobolan Plum, French Pear and Cherry Seedlings direct from the best growers in France and can guarantee them to be of best quality. Our French Stocks are usually ready for shipment early in February.

Price of Fruit Tree Stocks subject to change without notice.
